Nine reasons to join The Preparatoria

A warm welcome

The Preparatoria's warm and supportive community will make you and your child feel right at home.

Beautiful learning spaces

Our spaces are carefully designed to be flexible and dynamic to support young learners with diverse styles.

Outstanding in our field

A team of exceptional educators work with our children from birth to seven, all led by qualified teachers. Ofsted have rated our nursery, pre-school and school all individually Outstanding.

Family time

Freedom to take holidays any time of the year, without penalty or fear of your child missing key subjects.

Collaborative curriculum

Parents are collaborative partners in their child's learning process from birth, the only 'home work' encouraged is reading with your child.

No tests or 'rush to the goals'

The steadier pace gives children time to explore subjects as deeply as they want to over longer periods.

Unique

Our Reggio Emilia inspiration and unique curriculum means children become creative, innovative thinkers and each child leads his or her own journey of discovery and learning.

Value for money

Our fees are typically one third to a half lower than other independent schools and no need for summer holiday childcare or holiday clubs.

Always learning

Children never stop learning, developing, creating, imagining and understanding; we review, learn and evolve alongside our children, and from our peers, to continually give our best early years support to children in our care.
